SOUTH PORT LIFE SAVING CLUB INCORPORATED
ANNUAL GENERAL MEETING
SEASON 1980/81

Notice is hereby given that the Twenty-second Annual General Meeting of the South Port Surf Life Saving Club Inc. will be held at the :

SOUTH PORT CLUB HOUSE
ON
Sunday 2nd August at 11 am

A G E N D A

1. Apologies.
2. Notice of Meeting.
3. Confirmation of the Minutes of the Twenty-first Annual General Meeting.
4. Business arising out of the Minutes.
5. Correspondence.
6. Presentation, consideration and adoption of the Twenty-first Annual Report.
7. Presentation, consideration and adoption of the Twenty-first Annual Financial Statement and Treasurer's Report.
8. Motions of which due notice has been given.
9. Election of the Officers for the 1981/82 Season.
10. Consideration and adoption of subscriptions and other amounts payable by members and officers for the 1981/82 Season.
11. General Business.
12. Consideration of Honoraria and Reimbursements for Season 1980/81.

PRESIDENT'S REPORT

Season 1980/81 has again been one of continuing progress and achievement by the Club. The introduction of females to the active membership has been implemented with little disruption to the working fabric of the Club. They have proved an invaluable group within the total membership. The service to the public continued and the competition aspect continued to grow in stature, with the Seniors continuing to achieve results at the National level scarcely dreamed about a few years ago, and the Juniors dominating the competition with the biggest representation in the State Team, winning the points score at the State Titles and scooping the perpetual trophies.

The area of concern is the manner in which the Club and its gear is housed. The Club in conjunction with the Onkaparinga Canoe Club has constructed a shed on land owned by the State Planning Authority to house gear not required on a day to day basis and the interior of the Clubhouse has been rearranged to provide better storage. However longer range plans are necessary and the Committee is investigating possible solutions so that the Club's progress is not impeded.

Season 1981/82 will present many other challenges probably the biggest will be our participation with the three other mid south coast clubs in organising the 1982 Australian Championships at Moana in March 1982. I am sure all members and supporters will be wholeheartedly behind this big project to bring it to a successful conclusion.

I would like to thank the Committee, the members and all people associated with the Club who have contributed to make 1980/81 the best season so far.

GEOFF PRICE

CAPTAINS REPORT

It is with great pleasure that I reflect and report upon the 1980/81 season for it again has been a year of determined effort and worthwhile achievement.

The efforts of the many members involved in the recruitment and training of new members, patrols, administration and competition are to be commended for each and everyone has tackled the task with enthusiasm and dedication and as a result the South Port Club ranks among the leaders in this State in all aspects of Surf Life Saving.

Our band of instructors with the guidance of the Chief Instructor once again worked wonders and we are all indebted to them for providing a ready supply of new members who are undoubtedly the life blood of the club.

Our patrols provided efficient and capable service to the members of the public who use South Port beach. We are proud of our record in this area and the importance of maintaining this service to the very best of our ability can not be over emphasised. Patrols are the very reason for our existence and it is the responsibility of every member to ensure that we are above criticism in the performance of our task.

I would like to congratulate all competitors who represented South Port during the year for although relatively small in number we were able to compete successfully against larger clubs on many occasions. The results from Wanda in N.S.W. certainly prove that we have among our members some of the best competitors in Australia. To all finalists and especially the medal winners, Mark, Shane and Scott Wooden, congratulations.

It is not possible in the space of this report to mention or to thank everyone who has contributed to the success of the Club and I have no intention to attempt to do so. The fact that we have so many who are willing to dedicate their time and efforts to the Club is a major reason for our success and I feel that every member is entitled to share in any praise that is due.

The coming season will present many new challenges and new goals for the South Port Club and I am sure that we are equal to the task. I urge all members to give their full support to the incoming committee to make season 1981/82 our best yet.

SIMON LINDEN

VICE-CAPTAIN'S REPORT

Patrolling continued smoothly in 1980/81 and if anything, was rather boring. There was only one rescue last year and only 43 minor first-aid cases were treated. However, it must be remembered that patrolling is a surf life saving club's major function and next season we could be faced with a major incident and so I warn members against complacency.

Overall the beach was patrolled for 1880.5 hours; again a new club record. Seniors and Juniors on average patrolled 28.5 hours each. When you think of it this is only a minor commitment, especially in the light of benefits individuals can derive from the club.

Congratulations should go to the top patrol led by Graham Baker (though next season the rest of the patrol had best make sure "Bake's" knows when he's on patrol). David Watt again topped the patrol hours and should be commended. I would again like to say well done to our club captain, Simon Linden, and trust he will continue to steer our club on its ever upwards course.

Finally I would just like to remind members, in particular the relatively newcomers who never experienced the days when patrolling was shared by many fewer members, that patrolling comes first.

MARK WOODEN

CHIEF INSTRUCTOR'S REPORT

In all honesty we, at South Port, could be accused of deliberately discouraging potential members, the result of our winter training policy is that our squads are presented very early, irrespective of weather conditions, so that in any year of Association change we become a test case. This year we presented 2 male and 3 female squads on a cold unpleasant day in October and almost paid the price but the candidates obvious determination gave the examiners no chance to defer the ordeal. Awards gained on that particular day were earned the hard way. General club help in preparation for and on the day was outstanding and the Board members are to be commended for their restraint in strange and painfully trying conditions.

As the season progressed, a large batch of Juniors were processed for their Resuscitation Awards while Robin Atkinson and his loyal group of rubber fetishists gained several I. R. B. awards and then we ran out of time for the Advanced Resus Certificate - a situation to be remedied next year, hopefully.

I must again mention Robin and his Rubber Rushabout men; their support of all Club water activity has been tremendous. I must also thank many others for their ready assistance with the preparation and presentation of the squads at the start of the season; without your help the task would be hopeless.

In closing I must congratulate all who attained their Association Awards in the last season and take the opportunity to remind you that the Bronze Medallion was not meant to be the ultimate goal, merely the key to give you access to Association membership and better things to follow but they just won't happen if all you do is sit on your "bronze" and wait.

MICK SHEAD.

Congratulations to the following members for gaining their I.R.B. awards.

LES HORNE	I.R.B. Examiners Certificate
ROBIN ATKINSON	I.R.B. Instructors Certificate
PETER SUTTON	I.R.B. Instructors Certificate
BOB PUMEROY	I.R.B. Drivers Certificate
LEN EASTHAM	I.R.B. Drivers Certificate
LEON COVENTRY	I.R.B. Drivers Certificate

Many thanks to Ken Joils (Allsafe Australia) for the donation of 3 life jackets and to Merv Riches, Lonsdale Sheet Metal for supplying and making a frame to hoist the I.R.B. to the roof.

I.R.B. STATS 80/81

1. I.R.B. patrol hours 221
2. Seasons engine hours 140 Total hours to date 171
These hours were amassed whilst on patrol, water safety for snr & jnr swims, training, carnivals & exams.
3. Investigated and assisted in 4 boating incidents which ranged from canoes to trailer sailor in areas from Moana to Christies Beach
4. Assisted 14 swimmers to shore none of which required resuscitation. The swimmers included juniors, member of the public caught in the rip, and swimmers who were trapped on the Pt. Mearlunga reef.
5. Searched for a missing fisherman off South Port at night. A point worth emphasising was that our I.R.B. was the only craft in the search for the first 45 minutes until the rescue helicopter and other police vehicles arrived.
6. Investigated numerous shark sightings.

I.R.B. EQUIPMENT

- 1 I.R.B. Zodiac
- 1 25 H.P. short shaft manual - Johnson.
- 1 Motor stand
- Tool Kit
- 1 Waterproof radio box
- 3 Life Jackets
- 2 Wetsuits
- 2 Steel storage cabinets

With the above equipment South Port has to be one of the best equipped clubs.

All members who are interested in gaining I.R.B. awards training will begin early Aug. so the I.R.B. will again be used on patrols by qualified personnel.

COMPETITION OFFICER'S REPORT

Once again the Club has had successful year in competition. The results in the Nationals, the States and carnivals throughout the year were due mainly to the hard work put in by the competitors themselves in their training over the year, plus a lot of help and encouragement by the Coaches. But a lot goes on behind the scenes - much effort and time is put into the organising, the maintenance and repair of equipment and the transport of craft to carnivals - therefore it would be very remiss of me as Competitions Officer not to thank all the people involved in these activities as well as the competitors.

I think next season should be another success story - so with a large concerted effort this could be the year we knock off Brighton.

Thanks for this years effort and best of luck next year.

JIM HODGEN

JUNIOR DIVISION REPORT

The season past has again been a most rewarding one for the Club and all juniors who participated at club and competition level can be proud of the results achieved.

South Port was well represented in this years State team with all performing well. A gold medal in the 11 year boards by Gavin Steel and the selection of Andrew Peacock as team captain, being just two of the notable results.

The winning of State titles for the second time was the crowning glory and to win every trophy contested must be noted as a remarkable achievement, a season of dedication and effort by all and to which the committee say thank you to the supporting parents and trust that they and many more will continue their support in the future.

Whilst having girls training with the boys was not new to our Club, having them competing at carnivals for the first time was most pleasing and their efforts have not passed without some noticeable achievements and we are assured of many more noticeable results in years to come.

The Pt lincoln visit will be remember as a wonderful event for all who attended. Again the support of the junior parents was most pleasing, and mention must be made of one whose children have passed from the junior ranks for his efforts. Our juniors would wish to thank him and all who assisted to make the visit a memorable one

IVAN CAKEBREAD

05/27/2006

BOARD & SKI CAPTAINS REPORT

Once again, last season proved even more successful than the previous season, and once again we were awarded Top Craft Club. The successes achieved at all levels speak for them selves. I commend all those that participated and wish all members well for the coming season.

As for individual performances, there are many that could be mentioned, but just to high light a couple, Mark Wooden's performance at National level in obtaining the Open Ski Title must be recorded as the Club's best performance to date. Another worthy of mention was Andrew Peacock's medal winning performances at State Titles, which there were many.

As for the craft itself, we continue to supplement our stocks each season with the purchase of new or near new, four or five craft. This is enabling us to maintain a fairly high standard in our competition craft, as well as maintaining a reasonable stock of good training craft.

With the increasing numbers being involved in craft participation, the task of maintance is becoming a real problem. To people like Brian Steel, Jim Hodgen, Toni Wilson and Gerry Rowlings, I thank, for without their help I feel our fleet may have sank.

Right now there are many pieces of craft, especially boards that are due for the dump. They have however given us good service, many are 6 to 7 years old which isn't a bad life span when you think of the numbers who have used them, and in some cases abused them.

I feel I must add, that in an effort to maintain this high standard of good craft being available and to lessen the possibility of abuse, more stringent controls may be necessary. Costs relating to craft is fast becoming one of the larger Annual Club Expenditures.

Lastly, once again I will be running our 200 club lottery. In the past it has helped considerably to off set the major outlay on craft. With your support it will continue to do so in the future. See me now for your numbers and don't forget your friends and relations. All that use the craft I would expect that the selling of five numbers would not be beyond you.

Peter Wooden
Board and Ski Captain

CLUB HOUSE DIRECTOR'S REPORT

Again this season we have had the problem of costly continual maintenance but we have still made some progress in upgrading facilities. \$500 was spent in totally upgrading the electrical wiring to enable hot showers to be installed in the women's change rooms, lockers were built in the change rooms and seats and storage cupboards were fitted under the western windows. These and other general repairs came to more than \$1300.

Petty vandalism has continued within the Club and it is disappointing to see members abusing their own facilities. Several breakins have occurred and over Easter an attempt was made to burn the Clubhouse down so we are suffering damage from inside and outside the Club.

The Clubhouse in general will need a paint and the fences surrounding the Club need repair so several working bees will be needed early next season to enable all the work to be done. If every member pitches in and assists at these working bees then the work load will be relatively light. Other projects include the installation of the new roller door and the removal of the gaffiti on the external walls.

Even with all the associated hassles of the position, I have again enjoyed my year as Clubhouse Director but I feel I must apologise for some of the jobs taking a little longer to be completed this year as work commitments have not enabled me to put in as much time at the Club as I have in past years.

KEVIN WATT

PUBLICITY OFFICER'S REPORT

0155/300781

The job of Publicity Officer in 1981 was a relatively easy one. More and more State Centre is assuming responsibility for publicizing the movement as a whole, and as a consequence this position has come to be one of informing and making the local public aware of the existence of the South Port S.L.S.C.

In the past year attention has been focussed on the first females to qualify as fully fledged lifesavers and members of our club, and as usual are, once again, outstanding competitive performances. I cannot reiterate how important I think competition can be in improving our standing in the local community and in encouraging support for our club. This is not to say that patrolling is unimportant. Obviously it is the club's most important function, but equally obvious is the fact that unless the club is engaged in continual rescue work there is not much publicity that can be drawn from this area.

In 1982 competition will be even more emphasized with the National Titles being held next door at Moana, and who ever holds this position next season is going to have to liaise carefully with the carnival's publicity officer, Dick Olesinski. also important next season will be the promotion of the club via the association publications ('Surf line' in particular, and the 'S.L. Life Saver').

MARK WOODEN

LADIES AUXILIARY PRESIDENT'S REPORT

When we formed the Ladies Auxillary at the beginning of this year, our main aim was to try to attract more of the wives, mothers and friends of the members to enjoy the Club's activities.

As our comfort and kitchen facilities are sadly lacking, it was decided to centre our attention on these areas. We have raised a small sum so far but hopefully we will soon have enough to consider some worthwhile improvements.

The members who have attended our meetings have, I believe, enjoyed themselves and we are slowly gathering a larger group. By keeping the ladies together through the winter months with small social events we hope to start next season a little stronger and more aware of each other.

I would like to thank everyone who has helped with this years activities and hope they will remain with the auxillary and continue to help the Surf Life Saving Club.

ALLISON HANN

CANTEEN REPORT

0155/300781

Unfortunately help in the canteen this season was disgustingly low, as the canteen is our major fund raiser and you are not badgered with raffles or making cakes etc. Surely a couple of hours on Saturday or Sunday afternoons 2 or 3 times a season isn't too much to ask. Out of the profits the Juniors get their trophy's with the balance going towards craft for the Seniors. Therefore help from both sections is expected. Sincere thanks to Marian Wilson for her exceptional help, also, to Dianne Atkinson who did more than her share. Also, thanks to the mums who did come on their rostered days. Please come again next season.

Most of you said you enjoyed it once you came in. I would like to run the canteen the season after next, but if help is as bad this season as it was last, it probably will be my last year running things, as Kevin works 6 days a week so I will require more help on Saturdays getting the stock over. As it's mainly my family and John and Darren K. who stagger over the sandhills with heavy cartons etc., making at least 4 trips over each, I feel its becoming more a burden than a pleasure to come to the club. This year I would like most Sundays away from the club, so offers of help are urgently needed. You only have to serve, everything is over there.

Thanks to all who made our February carnival a smash hit. It was surely the best carnival anyone has been to. Fabulous surf, 43 C heat and plenty of thrills plus lots to eat and drink. Takings that day were approximately \$2,150. The seasons takings were £16,000. Congratulations to all National medal winners and competitors, you certainly made me proud to belong to South Port B.L.B.C.

Please offer your help next season, its quite enjoyable once you try it. Ask the regular Black-Berry bippers.

THANKS

JUNE

SECRETARYS REPORT

In closing this my sixth annual report, I can see ahead for the South Port Club exciting years. Plans are being formulated for Club expansion, membership is still on the increase, enthusiasm within the club is high and there is an awareness that South Port is now a club with high National standing. The forthcoming Australian titles will present another challenge to the administrators, members and competitors alike in the Club and with a united effort this too will be successfully negotiated.

To all the members, I must say thank you for your cooperation and help throughout the season and I hope that like me, you are looking forward to season 81/82.

J.W.SMITH

IN GRATITUDE

The SOUTH PORT S.L.S.C. would like to sincerely thank the following individuals, groups, or firms for their assistance during the 80/81 season.

THE CITY OF NOARLUNGA for the grant towards the running of our Club and the continued cooperation given us in our activities.

THE FEDERAL GOVERNMENT for the provision of funds to enable the club to purchase essential life saving equipment.

THE STATE GOVERNMENT for grants provided by the Dept. of Recreation & Sport for competition craft.

STATE CENTRE APPEALS to Barry Duhne and his staff for the magnificent financial contribution they make to life saving through their efforts

REYNELLA DATSUN for their financial help, their provision of vehicles for our use and their close interest in the club.

PORT NOARLUNGA SOLDIERS MEMORIAL BOWLING CLUB/ PORT NOARLUNGA /CHRISTIES BEACH R.S.L. for the donation from the proceeds of their bowling day.

FITCH THE RUBBERMAN for sponsorship of the March Past team

MR G.A. ELLERY

MR F. HARRIS

MR D. PCCOCK

for their generous donations.

AUDITORS REPORT

We have examined the books as presented by the South Port S.L.S.C.(Senior, Junior and Women's Auxillary) and are of the opinion that the accompanying income and expenditure statements represent a fair view of the transactions of the Club for the period 1/7/80 to 30/4/81

The attached balance sheet is a fair statement of the assets of the Club. We have examined the bank statements of the accounts produced and hereby verify the closing balance of funds at bank.

R.J.MAYO A.A.S.A.

(HON. AUDITORS)

TREASURERS REPORT

Again the position of Treasurer has been a very busy but satisfying one. We have again spent large amounts on clubhouse repairs and replacement of the roller door will occur very shortly at a cost in excess of \$500 and \$1000 will go towards our share of the new storage shed being constructed by the Onkaparinga Canoe Club. We also have craft on order for in excess of \$1000, so we are not sitting on any large amounts of money. Indeed these commitments will take almost all of the current balance in the senior account. In view of this, I urge all members to be prompt in their payment of subscriptions in the new season and keep the club financially secure.

I must congratulate George Smith for his fund raising effort with the peanut brittle sales, this venture has brought in approx \$1000 to the senior and junior club - it is a pity George did not get the full support of the members as he could have shown an even larger return. Peter Wooden also deserves congratulations for his effort in organising the Craft Lotteries. I feel Peter is taken a little for granted by some of the members in this fund raising activity but the effort he puts in every year to ensure we have money for new club gear is appreciated by the majority of members. June Watt is another who works so hard to ensure a sound financial base to the club and I must thank her also on behalf of all South Port members.

This season there has been close liaison between the Junior treasurer Robin Atkinson and myself and the junior club during the season helped the senior club out of a few tight spots and the senior club was able to help the juniors out late in the season. I must also thank Robin and Pat Steel, Womens auxillary treasurer for the manner in which they kept their books - it indeed made the audit very easy and quick this year.

J.W.SMITH
