

SOUTH PORT

Surf Life Saving Club Inc

34th. Annual Report
Season 1992-93

NOTICE OF MEETING

SOUTH PORT SURF LIFE SAVING CLUB INC.
Annual General Meeting

Notice is hereby given that the Thirty-fourth Annual General Meeting of the South Port Surf Life Saving Club Incorporated will be held at the Club House on Sunday, 6th June, 1993, at 11 a.m.

AGENDA

1. Notice of meeting.
2. Apologies.
3. Confirmation of the minutes of the Annual General Meeting of 7th June, 1992.
4. Business arising out of the minutes.
5. Correspondence.
6. Presentation, consideration and adoption of the Thirty-fourth Annual Report.
7. Presentation, consideration and adoption of the Thirty-fourth Annual Financial Statement and Treasurer's Report.
8. Motions of which due notice has been given, including Life Membership.
9. Election of officers for season 1993-94.
10. Consideration and adoption of subscriptions and other amounts payable by members and officers for season 1993-94.
11. Determine the maximum amount that the Committee may expend on any one item for the 1993-94 season.
12. Consideration of honorarium and reimbursement for season 1992-93.
13. General business.

For and on behalf of the Committee.

Brian Johns

BRIAN JOHNS
Honorary Secretary

at South Port 1992-93**

MANAGEMENT

Management of the club is vested in the General Committee and is structured as follows:

Adelaide Refinery crew

NAME, AFFILIATION, OBJECTIVES, COLOURS

NAME

The name of the Club is:

"THE SOUTH PORT SURF LIFE SAVING CLUB INCORPORATED"

AFFILIATION

The Club is affiliated with the Surf Life Saving Association of Australia (South Australian State Centre Inc.).

OBJECTIVES

The objectives of the Club are:

- (a) To minimise the loss of life from drowning by providing patrols and apparatus.
- (b) To adopt the gear, drill and handbooks of the Surf Life Saving Association of Australia, to patrol that portion of Port Noarlunga Beach, south of the reef to the mouth of the Onkaparinga River, or to be on call within the Municipality of Noarlunga on such days and for such periods as the Branch shall from time to time determine.
- (c) To promote demonstrations and arrange classes of instruction in life saving.
- (d) To obtain facilities for life saving and to assist the Corporation of the City of Noarlunga and other Public Bodies in improving facilities for bathers.
- (e) To encourage the physical and social welfare of its members.
- (f) To purchase, take on lease, exchange, hire or otherwise acquire and deal with any real or personal property, rights and privileges.
- (g) To raise funds and borrow monies for the purposes and benefit of the Club upon such terms and such conditions as may be determined.

COLOURS

Club Colours — Navy Blue, White and Green.

Club Badge — A green silhouette of the side elevation of the Standard Reel, the words "South Port" above and "S.L.S.C." below in white lettering, superimposed on a navy blue background.

IRB water coverage at South Port

SECRETARIES REPORT

REVIEW OF CLUB ACTIVITIES

Ladies, gentlemen & interested parties of South Port S.L.S.C.

It gives me great pleasure to again submit for your approval this the 34th Annual Report & Financial Statement. I hope you derive the reading pleasure from this as is intended & marvel at what you the members have accomplished during the past season.

A brief summary of the seasons outstanding activities is as follows.

LIFESAVING

Again another splendid year of doing the job. No lives lost and some truly adrenalin rushing rescues. Also an ever increasing number of first aid cases with an outstanding show of professionalism in the aid and care given. Also South Port S.L.S.C. showed it's colors in local rescue services not on the beach by attending and acquitting themselves admirably in the flooded areas of Strathalbyn. Well done.

AWARDS

The chief instructor & yes chief is the word. For this year our chief "Beeps" instructed his instructors who in turn instructed those who are well pleased & and the club is proud of these amazing 131 awards. Considering last season was up from the 90/91 season of 54 awards, a truly commendable effort by all.

COMPETITION

Another successful year both at State level and Nation level. To the March Past team and coaches well done on another magnificent effort. To those who made finals nationally Slim, Shep, Sarah and Di & others congratulations. To the boat crew and exceptional effort; further next year. To the elderly gents who competed for the sake of a splash or run we had a magnificent presence and burned ever so brightly for a brief moment and hopefully will continue next year.

To all competitors a special well done a pre-requisite to complete is to do that one thing called patrol. So all success is well deserved!

COMMITTEE

Reflecting on this area all members should thank those who place themselves in these positions or are pushed, as it seems, those persons set them selves up for criticism and believe me it comes thick and fast. To all committee sitters who by virtue of office are not on the fence a heartfelt "C'Est Manifique". But one season does not mean the jobs done. The club is in a process of enormous growth so please continue, and to those who would criticize "**LOOK AT WHAT YOU CAN DO**" not "**WHAT YOU DON'T**"

I Firmly believe we have to be more professional in our outlook not "reactive" but pro-active. The new committee must endeavour to formulate a 5 or 7 year plan with an active finance, admin., social and competitive infrastructure.

So on with the show.

FINANCES

To Chris Hegarty thank you for keeping us afloat even if we did get the odd hole and bail furiously. But that seems to be always the way.

Again some areas of frivolous spending will have to cease, and specifics are required.

Clothing: it appears every year we lose money in this area. Perhaps the idea should be adopted no deposit before order but TOTAL payment. This would certainly save us a lot of money. Again touring team cost the club money and to those who did not pay for their touring team clothing how about it? It was only five bucks and you know who you are and so do I.

But on the good side well done the boaties and blue's crew. They did the raffles and washed the cars for what they wanted. If they didn't quite make it they had a go didn't just take, take, take.

To the Friday night sippers, shags and Double D' well done on supporting the bar.

SOCIALLY

To Nicole "The Lash", Emu and Jacky a superb effort during the season for many night of finery & mayhem. For a memorable New Years Eve (I can remember the first couple of hours). A great show and a fantastic turnout of members. Magic!

GENERAL

To "Ollie" well done on maintaining a top sponsorship profile, and winning those hard earned dollars. To those able bodied puppeteers and fish a true exercise in public relations. One of those rare occasions when even my own patience was tested. But a valuable community exposure vehicle well received by those who notice. To Mork, thanks mate. (my break). To Glue, the age leaders and all those who support the Junior ranks and U18 members well done. Coaches Di & Arrow thanks.

To all those members who contributed in any way of all ways and go unseen thank you on behalf of the Committee and those members who look and take for granted and don't see.

GRIPES

As our club becomes larger unfortunately the occasional bad apple appears. As the season has progressed theft from within the club has escalated. It has now gotten to a stage where locks again have to be changed and all areas of the club will not be open to all members at all times. This individual or group of individuals are costing you the Club Members money so keep your eyes open and your gear safely stowed.

Remember, you will be caught, if not today then maybe tomorrow. It is OUR CLUB and we all suffer for the sake of a few.

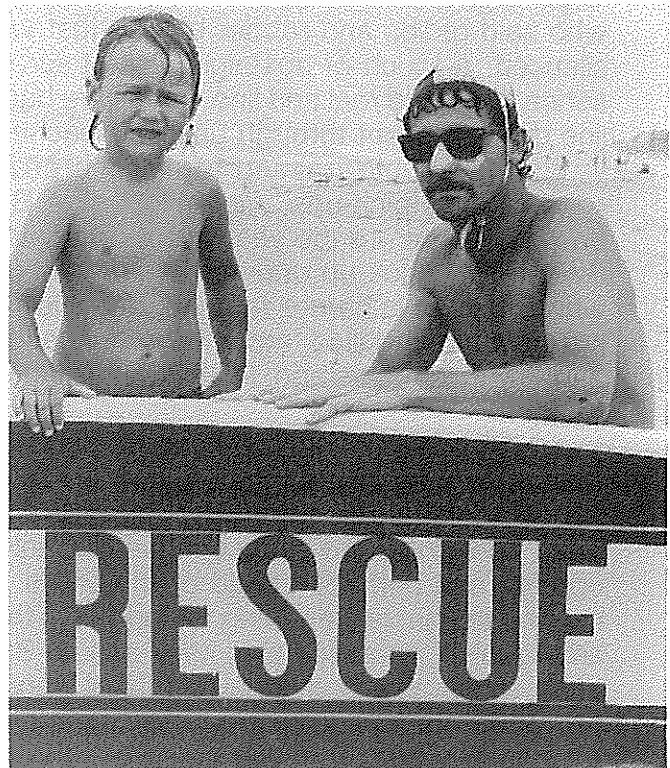

SUMMARY

Basically another year of trials and tribulations. Some leave us others begin. The new season is only some 5 months away, offer advice now, get involved, do your bit more than once. "Carpe Deem" — (Sieve The Day)

PRESIDENTS REPORT

I was sitting in the patrol shelter on a warm Sunday afternoon in March this year with the traditional yellow and red patrol cap on, thinking about what I could write in the President's section for our Annual Report this year.

My thoughts were interrupted by an attractive young lady who said "Schmidt, it's your turn in the tower, could you and Kylie take over for an hour". yes it was my Patrol Captain Nicole changing the shifts in the tower and generally organising the patrol members to do a mobile patrol to the river mouth and the IRB driver to shift some board riders out of the swimming area.

Suddenly it came to me the theme for my report will be Change — yes change in Surf Life Saving.

Fancy having a female patrol captain — why back in the 60's, the South Port Club had a large sign painted on the shed door "No Women Allowed". I looked around at the patrol on the beach and counted 7 females and 6 males and whats more they all seemed so young and fit — perhaps that is me changing. I cast my mind back over 10 years ago when females were introduced to Surf Life Saving — it certainly didn't bring about the doom and gloom that the misogynists predicted but brought in a new mix of lifesavers with a great variety of new skills, ideas and enthusiasm. I also noticed how smart the patrol members looked in their yellow long sleeved shirts marked clearly "Surf Patrol" and their red shorts and how much more obvious they were to notice in the crowds on the beach. Surely this is a change for the better making it much easier for the public to reach a lifesaver in an emergency situation and also protecting the young lifesavers from the increasing menace of skin cancers.

Other changes were obvious as I looked around and compared this patrol with my early patrols 20 years ago. The patrol members were carrying radios and bum packs and this enabled us to send mobile patrols to the point or down to the river mouth. And of course there was the Rubber Duckie — what a boon they have been to our club. Now with the mobile patrols and the Rubber Duckie, we patrol a much larger area in a much quicker time in a much more efficient manner. Again the critics who said radios and rubber boats "just weren't Surf Lifesaving" have been long silenced. A touch of nostalgia flicked across my mind as I thought about the absence of the old reel and line — yes we had it tough in those days with the reel and line drills we went through until we reached perfection. But is it easier these days — young people training for their bronzes now have to contend with radios, oxyviva, IRB pick-ups, Aids, Hepatitis B ect. and when they get their coveted bronzes, there are the yearly proficiency test, the patrol competition and the Run-Swim-Run check up during the season. Yes there have been many changes and while I think it is harder today to get qualified to patrol the members on the beach are now more skilled, more adaptable and more vigilant than the group I used to patrol with 20 years ago. I have the feeling we look and perform more professionally today.

I also thought how the controlling body — Surf House or Surf Life Saving South Australia has changed to up with the rapid evolution in Life Saving. Not the little house on Military Road head quarters any more but a large complex at West Lakes. The "Towards 2000" concept has certainly worked to keep Surf Life Saving in SA up with and perhaps ahead of the times. The restructuring of State Centre was needed to enable life saving to cope with the changes in society which demand that an organisation advertising itself as Life Savers is in fact a responsible, organised and accountable body and I applaud Dennis Conlon, Elly Farmer and others who have had the foresight and push to move us into the 21st century.

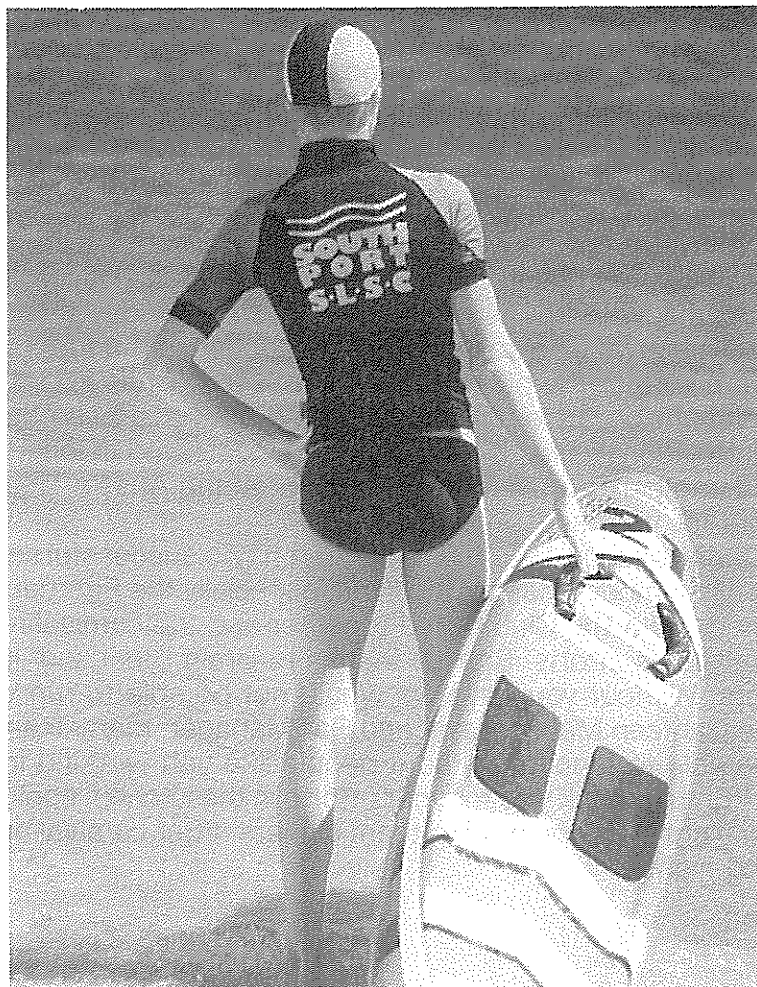

While these high ideals were flashing through my mind, my thoughts were interrupted by a gaggle of young children in South Port bathers running across in front of the patrol shelter and I thought "Nippers" whoops I mean "Juniors" — what a difference they have made to our club and the Life Saving movement as a whole. In the early seventies I went to a South Port club dinner at the Marion Hotel — one of the few places which actually had us back the next year incidentally. At this dinner the "Nippers" fathers sat at a table of their own like lepers and were ostracised by the "Life Savers". What a change now — the senior committee consist of a majority of Junior parents, etc. Juniors or ex junior parents who have got their bronzes and are patrolling members of the club. Our whole club philosophy is based on us as a family club with Juniors and Seniors fully integrated and all members having equal worth in the club.

Yes the changes in Life Saving have been massive and as I see it, they are for the better making Life Saving a more efficient, more interesting and more inclusive organisation than ever before and an organisation which I would recommend to anyone.

Again my thoughts were shattered by "Schmidt are you going to sit around all day daydreaming — you are supposed to be up in the tower."

Oh well some things never change — so off I trudged up the sand hill to the tower — grumbling about it as I went but inwardly loving every minute of it and not regretting any part of my association with Surf Life Saving for the past 20 years.

John Smith
President

Our future

CAPTAIN'S REPORT

As my seventh season as Club Captain has ended it was great to see the increasing number of members involved in all club activities. For example, patrolling members for the 1991/92 season was 60-70 compared to 98 patrol members for this season. The juniors were again a strong force, gaining a third place in the State Titles and taking out the Most Improved Club trophy again.

Much of the credit for those results must go to the Chris Mullins, Junior Committee and the Age Group Leaders, who all worked very hard through the season putting kids through their different awards and training them on weekends.

Patrols for this season 1992/93 ran fairly smoothly with some good results in the State Patrol Efficiency competition. We averaged 90% in the four areas that we were examined in. Patrol personnel and especially patrol captains, I thank you for your dedication through the season to keep our beach safe (no lives lost again) 105 first aid cases and number of rescues and preventative actions. Well done to all involved! A special thanks must go to Travis (Scaff) for his work with the patrols. Considering this was his first season as Vice-captain he coped well with the task at hand. Great work was also achieved by our First Aid Officer, Chris Burton, who kept the First Aid room and equipment very well maintained. With the 105 First Aid incidents this season it would not have been an easy task.

I feel South Port is back again as a strong force in State Competition with a great improvement in all State Carnivals, State Titles and some great efforts at the National Titles. The return of D. Goldsworthy and Simon Martin both of whom were champions for South Port many seasons ago have helped South Port back up to the top. Welcome back! Another reason for the Club's improvement are the Under 16's, who are large in numbers, are highly competitive. There is some great potential in this group and all looks good for the Club if we can keep them all interested. A lot of hard work was done by M. Gluis (cadet supervisor) and R. Olesinski to achieve this and I must commend them on the super job that they did and I am sure that it would not have been an easy task at all.

South Port achieved some good results in the boat area, with the "A" crew training six sessions a week, making the final in every carnival after Christmas and were unlucky in missing out on a medal at States. (Hey Dollar, keep left mate). Well done to the Veterans who gained a Bronze Medal at the States for the second season in a row and also won the boat section at the Veterans Carnival. I personally and I am sure all the other boaties thank you, Chris Foord for your dedication and commitment because the results would not have been there without your efforts. Congratulations "March Past Team". Undefeated in local carnivals all season and gained another Bronze Medal (fifth one) at the Aussie Titles. Well done to all competitors for your season efforts.

During season 1992/93 the Club ran two successful senior carnivals and I must thank all members that got involved, especially the February carnival. It was a really messy day but the Club pulled together and the carnival referee was full of praise for the Club's efforts. Special thanks to Brain Steel and John Devitt for supplying tractors. Without you guys we would not be able to run these carnivals.

To the Canteen Manageress' and Bar Manager, many thanks! The Club just would not be able to function without people like you working in these areas. The Club chef, "Emu", thank you for your efforts in the kitchen, cooking meals for the Shags, Friday night suppers, touring team dinners, after carnival barbecues and the carb-loading night.

My selection for the Captain's trophy goes to Sean Tume. Sean joined the Club this season and gained his Bronze Medallion pre-season in very trying conditions. Half way through the season he took on the position of Club House Director. He achieved various awards through the season and was always helpful around the Club, especially behind the bar. Sean also patrolled over 100 hours and gained the most Dedicated Patrol Member.

In conclusion, I have enjoyed this season as much as my first season as Club Captain, and what makes it so enjoyable is the great support from YOU, the member.

See you all next season.

Dave "WALLY" Watt

'A' crew going for it — South Port 93

Season's best surf carnival — South Port

VICE-CAPTAIN'S REPORT

By Travis Nearmy

Looking back on past years and previous vice-captains, I knew this year I had my work cut out for me. Luckily for me Wal was there to help me from beginning to end.

This year was a year where a lot of things were different such as we had 98 patrolling members who completed 4058.25 hours on patrol. A majority of these hours were completed by our new style of patrolling members who are Radio Operators, First Aid Holders and A.R.C. Holders although these members may not be able to perform all the functions as a bronze holder they are in turn a specialised part of each patrol making all the patrols that much stronger. We also reverted back to a carnival patrol due to the high amount of patrolling members who compete. Having a specific carnival patrol means we have a group of members that will always be there on any given carnival patrol. It also gave us a group of members who could handle patrolling a carnival with ease and professionalism.

This year was also a year where our cadets took a very active part in patrolling and, as much as I hate to say it, did an excellent job and showed us all they can be good at all disciplines of lifesaving.

In closing, I would like to say thank you to all the members of South Port who aided and persevered with me this season. Listed below are all the statistics that really show how professional we were about this patrolling season.

Patrolling patrols: 50.

Patrolling numbers: 98.

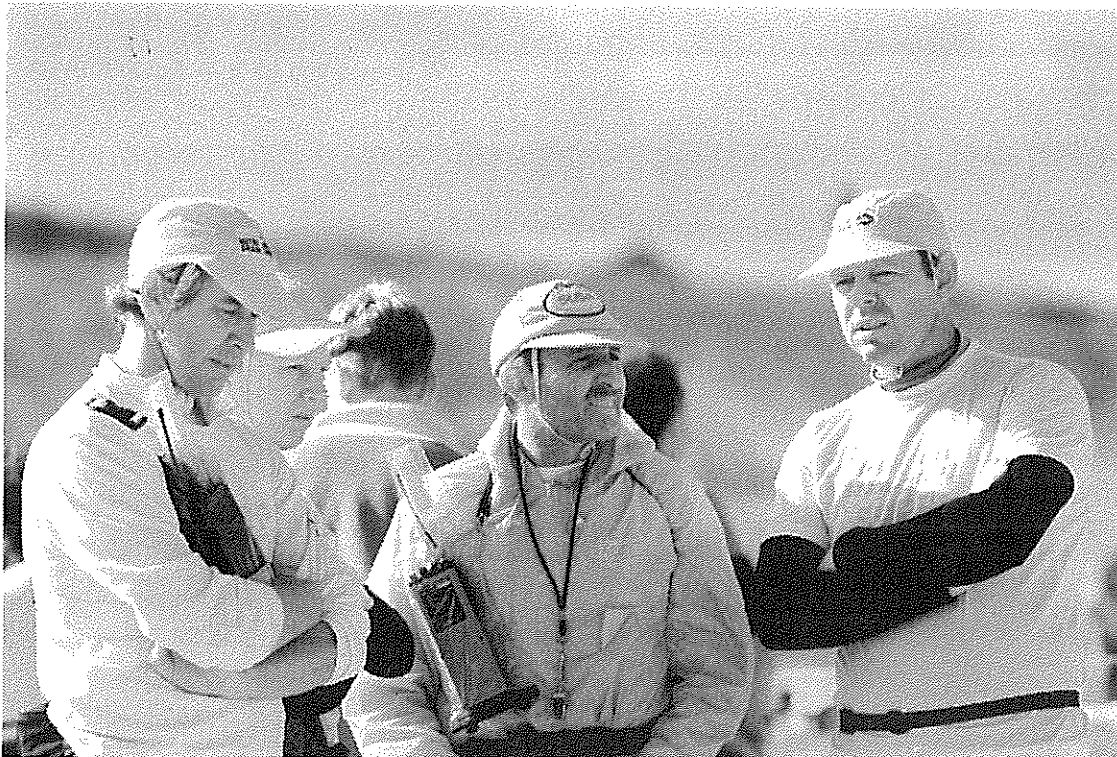

Total patrol hours: 4058.25.

Average hours patrolled by a member: 41.4.

First Aid cases: 168.

Preventative action: 57.

Rescues: 22.

CHIEF INSTRUCTOR'S REPORT

Summer's season's over the winter award training has started. We did well again this season in the State Centre Patrol Inspections thanks to the patrols that handled the inspections well.

Club proficiencies went smoothly again this year, thanks to the help I received from Ian Burton, Travis Nearmy, David Watt, Andy Higgs, John Charles, Phil Carter, John Smith, Dave Jolly.

Thanks to my helpers again this season. They are Dean and Liz Colgate, Chris Mullins for training the Resuscitation Certificate Squad, Chris Hegarty, Chris Mullins, for the Surf Lifesaving Certificate Squad. Dave Donnelly, Peta Bailey, Donna Fowler, Janet Hobbs, Sean Tume for the Bronze Squad. Travis Nearmy, John Charles for the I.R.B. Squad. Ian Burton, Sean Tume, Chris Mullins, Donna Fowler, Dave Randall for the A.R.C. Squad. Dave Jolly, Paul Hanna, Bridget O'Toole for the Radio Squad. Ian Burton, Travis Nearmy, Donna Fowler, Bridget O'Toole for the First Aid Squad. As you can see by the impressive list above, a lot of hours went into training what must be a record number of awards gained by South Port this season, thanks again, it couldn't have been achieved without you.

The help didn't finish there. The following supplied water safety for the exams, Dave Watt, Travis Nearmy, Craig and Mark Wilsmore, Richard Byrne, Ray Martin, John Charles, Brian Johns, Sean Tume. Our internal patrol competition was conducted by John Smith, Dave Watt, Travis Nearmy, Andy Higgs, Chris Burton. A special thanks must to to Chris Burton for the excellent job she has done with the first aid room and equipment.

Last, but by no means least, are the junior age group leaders who spent their time looking after and training our young members for their national junior awards: Gary and Jacki Eastham, Yvonne Keyser, Jenny Martin, Colleen Kain, Janet Puplett, Maureen McCormack, Dave Rawson, well done.

To all the members that put many hours into gaining your awards well done, to the first aid and radio operators we need your help on patrol as your special awards strengthen the patrols, so please go on patrol.

Thanks again for all the help I received.

COMPETITION OFFICER'S REPORT

The past season has been a very exciting one for South Port Surf Life Saving Club in the respect of competition. As I have often stated — competition is the shop window of surf life saving — and in this respect South Port certainly had their goods on display during 1992-93.

The return home of Simon Martin, Darryn Goldsworthy and senior competitors of the calibre of Di Wallace-Ward and Mark Sheppard joining the ranks, strengthened our already impressive line up of competitors. The Caltex Under 16 and Under 18 competitors continued on from last season's excellent results and showed the value of the training that they have done.

It was very pleasing to see the boat section back in the final rounds at carnivals during the year and also putting in a very impressive display at the State Championships — making the final before falling foul to some steering problems — and getting through to the third round of the Australian Championships. Congratulations to "Dollar" for his persistence and dedication to the crew.

The March Past Team once again completed the season undefeated in carnivals in South Australia and winning the State Titles. The Australian Championships saw them return to the top three in Australia with an impressive display to win the bronze medal. Some very good — and might I add unbiased judges — thought that the best teams were out of South Port and the traditional foe, Freshwater, but as often happens in the Sunshine State, Bundaberg slipped in to the medal placings.

The full results of the State Championships are included at the end of this report and you will see that there were some excellent performances recorded across the broad spectrum of competition. Particularly pleasing is the family aspect of the results — with families such as the Martins, Hegarty, Byrnes, Aulerts — all competing for the club ensures a strong base for the future. Also very pleasing were some of the team results with placings in the Senior Surf Teams and Taplin Relay. Those of us who were there to watch it will never forget Mark Sheppard's tremendous swim in the Taplin Relay and Mark Chillman's gutsy effort to maintain his position and make Seacliff fight for the silver medal.

The Australian Championships held at Kurrawa on Queensland's Gold Coast saw a very strong contingent of competitors and supporters travel to the Sunshine State. One of South Port's biggest competitive teams in some years — 38 competitors — attended the championships, and about 35 supporters. The results of the competition did not see South Port bring home a swag of medals but there were some very good performances never the less. Sarah Martin ran fifth in the Under 16 Ladies Board and made the final of the Under 16 Ladies Swim, brother Simon ran seventh in the Open Swim and made the final of the Open Iron Man and Mark Sheppard ran eighth in the Open Swim.

As I have already said a very good year indeed for South Port in relation to competition and with the Junior Division getting stronger every year and those members coming up to compete in the Senior Competitions the future looks very bright.

Congratulations and thanks to all those members who completed with such distinction for the club in the past season. It is your efforts that make it such a pleasure to be part of a great club. Next year who knows what we can do if we all get in and give it a good old South Port try.

Dave Donnelly
Competition Officer

CADET (U16) SUPERVISORS REPORT

By Mark Gluis

Season 1992-93 saw South Port represented by the following cadet (U16) members:

1st Year Cadets	Patrol hours	2nd Year Cadet	Patrol hours
M. Bartlett	17½	D. Aulert	38¼
M. Collgate	36	R. Byrne	42¾
A. Gordon	38	L. Hanton	36¼
M. Hegarty	50½	J. Hegarty	50½
C. Johnson	35½	S. Martin	42
D. Highet	39	B. Symonds	48¾
M. Hillard	48¾		
E. Martin	47		
S. Olesinski	46½		
R. Price	36		
C. Tucker	37¾		

After two meetings attended by interested club members, the "Towards 2000 Plan" was put together with the aim of guiding our club's U16/U18 group into the coming seasons.

All members of the group diligently and enthusiastically attended to all duties asked of them, including patrols and competition.

Mention must be made of the pre-season live-in camp called the "No Pain — No Gain" weekend. This weekend formed the foundation for the group and bonded seventeen members together for the 1992-93 season through all its highs and lows.

Recognition must be made of various contributions this season and include continuing sponsorship from Caltex which funded equipment desperately needed to maintain the level of competition essential for the group.

It also supported members who toured with the Australian Titles competition team. The support also funded Caltex Cadet Crew tops for the group.

Thanks also to Greg Olesinski of Cadburys for supporting the group with Moro Tops as well.

This season again saw the brilliant board coaching techniques of John "Arrow" Ward. John's expertise in general advice and motivation certainly assisted our competitive members.

Sincere thanks also to Steve Gordon, Olly and John Aulert who supported the group and myself throughout the 1992-93 season.

Finally thanks to the committee for the support given this season. This support ensures our club's future is kept at the high level achieved in previous seasons.

Competitively the group contributed greatly to the overall point score at all carnivals as well as State titles. It would not be fair to highlight individual performances because the intention was for the group to conduct themselves as a team.

Mention must be made of the members who represented the club at the Nationals. Recognition must be made however of Sarah Martin's fifth in Australia in the U16 Ladies Board race.

Well done to all members for your efforts and your willingness to "give it your best shot."

No Pain — No Gain weekend

BOAT CAPTAIN'S REPORT

What a year! Last May, I called a meeting of interested members to make up an "A" crew to train in a way so as to make finals as a matter of course, not a hope.

David Watt, Craig Austin, Robert Pummeroy, Make Willsmore, Ian Hodgens, took up the challenge. Winter training commenced with weight work, up to 5 sessions a week. Specialised coaching by State River Rowing coaches at West Lakes changed our rowing style radically. I must admit the boys changed to river style without any trouble. Into the boat in August preparing for the first event, the Lennies Marathon on October 15th. "Lennies Marathon" we finished 4th overall, a much improved result on previous years.

At this stage we have approximately 10 rowers training. "A" crew in boat 4 times a week and 3-4 sessions in gym. "B's" training twice a week, things looking good. At this time I must thank Rambo for taking the "B's" under his wing and training them. Travis Nearmy sweeping with Rambo assisting in his tuition, much appreciated.

Back to the "A's", training increasing, leading up to first carnival at South Port. Great hopes, but hopes are dispelled, we performed poorly. Bad starts and lack of race fitness showed up. Increased training of specific points were instigated and crew responded from them on.

All finals after South Port Carnival were made direct, heat, semi-final then final. This was what we set out to do at the beginning of the season, now to improve to the next stage, top three. Robby Pummeroy had to withdraw, thankfully we had reserves. Mark Wooden entered the "A" crew and made a big impression. It became obvious our equipment was not up to scratch. Old wooden oars needed replacement — carbon-fibre square backs were needed, but are very expensive. Raffle was organised and a car wash put into action to raise the \$2500 needed for the oars.

Six weeks before the States, we re-rigged boat for new gear and thankfully all the work in raising the money was worth it.

About this time was assisted with training by R.J. His knowledge and enthusiasm made a big improvement in our starts and race fitness. I thank him and hope his presence will be with us all next season.

Good results at carnivals were achieved, but places in finals eluded us, not due to lack of ability by oarsmen, but the suspect sweep let the crew down. State champs came and I am pleased to announce South Port fronted up with 4 crews, "A's", "B's", "C's" and Veterans the most crews ever from South Port. "A's", "C's" and Veterans made the finals, the "B's" just missing out by half a boat length, but a great effort. B crew, Travis Nearmy — Swæp, Brian Johns, Richard Olesinski, Malcolm Rudd and Michael Goldfinch. Veteran Crew, winning Bronze Medal, great effort. This is the Veteran's 2nd Bronze in as many years and the same crew. David Ferret — sweep, Mark Wooden, Richard Olesinski, Brian Johns, and Chris Foord, well done fellas.

The "C" crew came fifth in the final, and very happy to make final. Malcolm Rudd — sweep, Eric Sutherland, Robert Pummeroy, Travis Nearmy and Chris Foord.

To the "A" Crew and what a carnival, second in heat to Grange, first in semi-final beating Grange for the first time in a straight-out rowing race. In the final I was confident of a second place and at the can I was sure we were set for that position, then disaster, I missed the can and had to go back around again, we eventually came fifth. Disappointment over, we prepared for Kurrawa. More disappointment, Snakes sliding seats we had used all season were banned by National Council, so we're forced back onto our bums.

At Kurrawa we drew position 137. Saturday competition we reached round three and unluckily were hit on the shore break, I felt we could get one more row, but the crew were happy with their effort and I am sure all other South Port members were too. The "A" crew for 1992-93 finished the best in National Titles since 1969, but next year we will be even higher, you can count on it. "A" Crew, Mark Wooden, stroke Craig Austin, David Watt, Mark Willsmore and Chris Foord — sweep.

At this point, I would like to thank the whole "A" crew for '92-93 season including Robby Pummeroy and Ian Hodgen for their effort. The 5 a.m. training session and evening sessions 6 times a week and all the weight and running sessions, showed how worthwhile it all was.

At the beginning of the season, we needed the correct training equipment, e.g. a rowing machine, Peter Sutton of Complete Cycle made one available at no cost to us, we also received a heart monitor from Pete at no cost. This was fantastic, just the start we needed. "Thanks Peter." "Complete Cycles a Winner"

Sliding seats. Our secret weapon, supplied and fitted by David Ferret Products, again at no cost to us. Snake maintained and kept them in racing order. Thanks Snake for all your help in all other boat repairs and maintenance — without your support we would have struggled keeping our only boat race — worthy.

Fitch the Rubberman, Gavin and Colin, for all your support and rubber hose, foot-choc rubber and T-shirts. Thanks fellas.

Steve at Shell Noarlunga, for use of your station for car wash. With raffle tickets and car wash, we made about \$800 we appreciate your support. Thanks mate. Don't forget, fill up at Shell Port Noarlunga and say you're from South Port.

Terry Smallwood — Car wash detergents are expensive, but thanks to Terry we did not have to buy any. Thanks mate.

Makita and Sellers — To Don Alexander and R.J. Mayo for your support in touring shirts. Thanks Bris and Mother.

Thanks to June and Kevin Watt for the trophy for most outstanding oarsman which was won this year by Mark Willsmore and for supplying accommodation for the whole "A" Crew during the National Titles. Thanks again, and don't be too hard on Kev, June, it was all Zee's fault.

Thanks to Brian Johns who chased supplies of rowlocks, applications for marathons, outriggers, faxes here and faxes there for me, even chased boat referees all over the beach. Zee, I really appreciate it.

Before I finish thanking, thank you Diana.

Finally the Surf Club Committee, for putting up with me as I carry on regardless, for your support in '92-93.

Chris Foord

Boaties with new Port Noarlunga pub oars

JUNIOR COMMITTEE REPORT 1992-93

Well, another season has come and gone already. Probably this season has seen the worst beach conditions for some time with two carnivals cancelled and numerous training days cancelled or curtailed. Fortunately we were blessed with perfect weather for this Junior State Championships.

This season saw the phasing in of the second stage of the Surf Life Saving Junior Policy, however with some heavy lobbying we were able to secure the return of medals for eight and nine year olds at the Junior State Championships. Next season will see the final phase of the Junior Surf Life Saving policy to be implemented i.e. 8, 9 and 10 year olds competitive in the modified area for no carnival points, but will receive medals at State Championships. The modified area appeared to work extremely well at the two carnivals and State Championships this season.

The Second National Junior Development Championship was held this season in Devonport, Tasmania. This season South Australia sent only twelve and thirteen year old participants as probably will all State's next season. South Port's Junior Committee selected six applicants to try out for selection in this season's squad, Aisha Olesinski, John McCormack, Brad Tarbutton, Rhian McCormack, Kane Stewart and Brad Foord. Congratulations are extended to Aisha Olesinski and Rhian McCormack who were selected in the final squad. I am sure that they both had a good time in Tasmania.

This season also saw the inaugural State Junior Development camp for 10 and 11 year olds held at Fort Largs Police Academy in early January. South Port had five participants attend this camp, Sara Colegate, Daniel Edge, Michael Scott, Matthew Adams and Keir Puplett. Dean and Liz Colegate also attended the camp as co-ordinators. This camp was a great breakthrough and a big step forward for surf life saving junior development in South Australia. John Fitzgerald (director of youth development) must be congratulated for organising and co-ordinating the camp. All those from South Port who participated in the camp certainly got a lot out of it and thoroughly enjoyed themselves. The second State Development camp will be held this year in late December.

This season saw seven more junior parents gain their Level I coaching accreditation by dedicatingly attending weekly theory and practical sessions over six weeks during the season. Congratulations to Dean and Liz Colegate, Ian Burton, Maggie New, Kevin McCormack, Susan Mullins and Fred Molenaar.

Competition wise, South Port competed extremely well throughout the season. We finished second to Seacliff at the Christies Beach Carnival in December. We won the mid-coast, 4-point carnival at Port Noarlunga in January for the fourth consecutive year, won the carnival at Brighton and finished in a commendable third place at the Junior State Championships, just five points behind Grange with Seacliff taking out the championships. Not a bad result for a small club with just fifty five competitors nominated for the State Championships. It was pleasing to see the enthusiasm displayed by all the participants in both their teams and individual events with some outstanding performances. The March Past team did extremely well finishing in second position and winning the trophy for the highest overall point score for the season. Congratulations to the team and their dedicated coach George Hann and his able assistants, Liz Colegate and Pam Scott. The two R and R teams did extremely well, finishing first and second in the heats on the Saturday to complete in the final on the Sunday morning. Unfortunately they didn't win a medal (only 2.5 points separated 1st and 6th places) but should be extremely proud of themselves and their coaches, Liz Colegate and Maureen McCormack with some early guidance from Kerry Hole (Moana).

This season we put fifty-seven children through their National Junior Awards, thanks to all the age group leaders for their assistance and Dean Colegate for overseeing the awards. We also put fourteen junior members through their Resuscitation Certificates, thanks to Dean and Liz Colegate for instructing the group and thanks to John Nearmy for conducting the exams.

This season saw the largest group of thirteen year olds (thirteen) gain their Surf Life Saving Certificates and go on patrol. As a group they patrolled 366 hours for the season which in itself shows great maturity and responsibility on their part and they are a credit to themselves and the club. We all wish them good luck as they move on into the senior ranks. Thanks go to Chris Hegarty for instructing the group (his third successive season of instructing 13 years olds) and John Nearmy and his fellow examiners.

Finally, in closing I would like to thank everyone for their help throughout the season. Pam Scott as Secretary, Ian Burton as Gear Steward, water cover during board training etc. Martin Chilman for conducting Thursday evening board training sessions, all the patrols and everyone else who helped with water safety cover. All the age group leaders, Gary and Jacki Eastham, Yvonne Keyser, Jenny Martin and Christine Sulda, Colleen Kan, Janet Pulett, Maureen McCormack and David Rawson. Also the coaches and helpers, both on the beach and at the pool, Pam Scott, Helen Kruger, Maggie New, Fred Molenaak, Alex Sulda, Kevin McCormack, Liz Colegate and Sue Mullins. Also to the parents for taking the trouble to bring their children down to the beach. Remember junior sport and activities depend greatly on parental support and involvement. Once again thank you to everyone involved.

Christopher Mullins
Junior Chairman

OVERALL POINT SCORE: 284 — Third position

Thanks Homestead Homes

PUBLICITY/PROMOTIONS REPORT

By Richard "Olly" Olesinski

Season 1992-93 again saw South Port gain extensive coverage through state and local media organisations.

With high level competitors such as Simon Martin, Di Wallace-Ward and Mark Sheppard joining our competitive ranks, the media were quick to highlight their performances.

Overall thanks must go again to John Morrison from the Messenger Group for his support in ensuring all articles were published through the "Southern Times."

Promotionally, the club extended its profile by not only hosting two Open senior surf carnivals but also being involved in the Australia Day Extravaganza organisation together with the Colonnades Regional Shopping Centre's displays and Grand Prix promotion. Club members also were involved in the Formula One Grand Prix Pit Straight March which was televised internationally.

The "South Port Snippets" continued to be an effective medium of passing on essential information to sponsors and general membership. It cannot be stated how important it is for members to thoroughly read each exciting issue for not only patrolling and competitive aspects but social activities as well — all important areas of successful club operations.

Corporate and government support was again extremely high for the season and mention must be made of various generous support. To the Federal, State and Local Government organisations, the club sincerely appreciates the ongoing support. Surf Life Saving SA (State Centre) were again behind all club operations with further financial assistance.

Our major corporate sponsor was again SA Brewing. Thanks to Graeme Sargent for co-ordinating our sponsorship package. "EAGLE BLUE" exposure was greater than in previous seasons with the boaties tent and surf boat going to all State carnivals together with the Aussie titles.

This season also saw the MOBIL ADELAIDE REFINERY committing long term support and being kicked off by their generous sponsorship to purchase the club's new tractor — our essential lifeline.

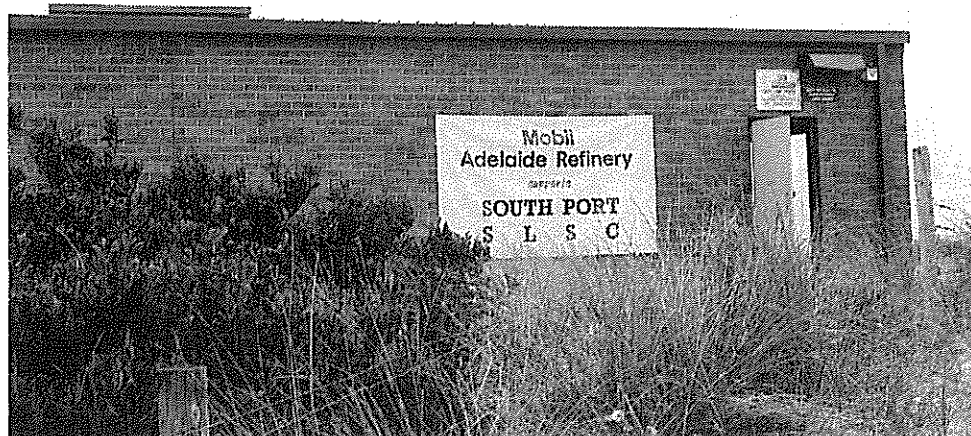

For the third consecutive season our U16 group were supported by CALTEX. Essential surf equipment together with support of the U16s to the Aussie Titles was sincerely appreciated. Special thanks to Kevin Shannahan for his support.

The club was again part of the Mid-coast surf club group which had continuing support from Colonnades Regional Shopping Centre as well as Schweppes Drinks. To Paula McIntyre and Simon Dring sincere thanks for continued support.

Overall great support was again received from the Vice President and a list is included and appreciated within this report. Hope to again build on that support in future seasons.

Finally thanks go to major sponsors of our association, KELLOGGS and FOUNDATION SA, your support is also greatly appreciated.

Good luck to all members in future seasons of surf and good times at South Port.

Mobil Adelaide Refinery supports South Port

SURF LIFESAVING

Buoyant Southport aims for more success

SOUTHPORT Surf Life Saving Club, which saved 18 lives in more than 2000 hours of surf patrol last year, has begun its summer season in a buoyant mood.

The club, situated in the picturesque Port Noarlunga sandhills, opened its season last Saturday.

And club president John Smith said Southport was looking forward to capitalising on its many successes from the 1991-92 season.

"Southport club achieved many highlights last season and we are looking to build on that and increase our membership," he said.

"Major achievements last season included 18 lives being saved by Southport patrols and 48 cases of first aid administered by members.

"Almost 100 preventative actions took place where swimmers and surfers were warned of potential dangers.

"Members also patrolled Southport beach far in excess of 2000 hours from November to March with no lives lost in the surf."

Anyone from eight years up can be taught a range of surf lifesaving techniques at Southport, including surf swimming, beach events, board paddling, resuscitation and general first aid.

Southport has coordinated an extensive junior development program for this summer and is again looking to the club's Cal-tex crew to lead the way.

After winning the handicap point score trophy last season the foundation is set for a great surf season.

Members recently elected a new committee for the 1992-93 season. It includes: Patron: Mayor Ray Gilbert; vice patrons: Ward councillors; president: John Smith; senior vice-president: Peter Sutton; captain: David Watt; vice captain: Travis Nearn; secretary: Brian Johns; treasurer: Chris Hegarty; chief instructor: John Nearn; boat captain: Chris Foor; IRB captain: John Charles; board and ski captain: Dave Pummeroy; assistant secretary: Paul O'Donohue; gear steward: Martin Chilman; club house director: Kev Watt; comp officer: Dave Donnelly; social sec.: Nicole Richardson; members rep: Janet Hobbs; publicity: Richard Olesinski; cadet sup: Mark Gluis; junior chair: Chris Mullins; junior secretary: Pam Scott; first aid officer: Chris Burton; bar manager: Dave Donnelly; radio officer: Dave Jolly; hon medic officer: Maurrie Peacock; canteen crew: Josie Chilman, June Watt and Kath Rudd.

The Southport Surf Life Saving Club's surf rescue crew in action. The club saved 18 lives in more than 2000 hours of surf patrol last year.

SURF LIFESAVING

THE Mobil Adelaide Refinery has answered the South Port Surf Life Saving Club's plea for help.

With the South Port club being so remote, nestled in the Port Noarlunga South sandhills, the only way to transport rescue equipment and essential supplies is by four-wheel drive or tractor.

After the club's previous tractor broke down and was unable to be repaired, a cry for assistance was answered by the refinery.

The refinery presented club president John Smith with a cheque to buy another tractor at the season's opening surf carnival, hosted by the South Port club.

"The Mobil Adelaide Refinery's support came at exactly the right time," Smith said.

South Port members recently competed well at the summer's opening senior and junior surf carnivals held at South Port and Christies Beach respectively.

The club's seniors jumped into the State's top three best competitive clubs at the South Port carnival.

All areas performed well including the U16 group, beach teams, surf boat crews and march past teams.

South Port juniors were narrowly beaten by the Sealiff club into second place at the season's first carnival at Christies Beach.

A total team effort saw the club defeat the strong Grange club for the first time in 10 years.

Highlight of the day was the win in the prestigious march past event, a club first for many years.

New members interested in joining are invited to come down to the club any Saturday afternoon.

Southport girls do SA proud

SOUTHPORT Surf Lifesaving Club junior members Alisha Olesinski and Rhian McCormack (above) recently represented SA in a State Junior Competition Development Squad in Tasmania.

The team, consisting of 16 children selected from all clubs in SA, finished fifth overall. Training sessions were conducted by expert coaches, including Ironmen Darren and Dean Mercer. Next year's camp will be held in Sydney. For more information ring Chris Mullins on 382 4813.

SURFING

Southport surfer in dramatic rescue

SOUTHPORT Surf Life Saving Club secretary and surf patrol captain Brian Johns recently carried out a dramatic surf rescue at Southport Beach.

Ran Dyer, 5, was rescued after losing his body board while surfing in a deep channel only metres from the shore.

"While lining up for the weekly club surf swim, I noticed the young Ryan in trouble just out of the patrol flag area," Johns said.

"I raced out to his assistance and luckily got to him just in time as he was going down for first aid.

the last time. Swimmers are encouraged to keep between the red and yellow flags. The flags are positioned in the safest swimming area."

Southport surf rescue patrols have been kept busy already this summer.

Recent exceptional surf conditions in the mid coast area have caused rips and channels and these can be dangerous to unsuspecting swimmers and surfers.

This season club patrols have rescued 10 people from drowning, prevented 18 other drownings and treated 40 people for first aid.

The public is invited to Southport's open State surf carnival on Sunday, February 28.

The club's competition area has been strengthened with the State Bank SA Iron Man champion Simon Martin, super-mum of the surf DI Wallace-Ward, former National Junior Iron Man champion Darryn Goldsworthy and AIS swimmer Mark Sheppard. Club surf boat crews and junior members have ensured Southport has been in the top three at surf carnivals this season. Surf action starts at 10am with the spectacular surf boats crashing through the surf from 10am.

Martin surges to ironman crown

After a lukewarm performance locally this season, Simon Martin fired up for a convincing win yesterday in the State Bank Ironman title at the State Surf lifesaving championships at Christies Beach.

The South Port lifesaver dominated in the water to win his second consecutive ironman title and the open belt swim. He backed up two events later to finish second in the surf swim.

But the victories might have been the 188cm giant ironman's last on SA sand. Martin moves to Queensland next month to train and compete with Trevor Hendy's club Surfers Paradise.

Martin looked set to settle for a minor placing early in the blue ribbon event, after coming out of the first leg, the board, fifth.

Port Noarlunga's Craig Cooper set a commanding pace to enter the ski leg 15 metres ahead.

But Cooper's race lead was shortlived as Martin and State team-mate and State Bank Ironman overall series winner, Jason Matthews, breezed past to make it a race of their own.

The power swimming of Martin, 20, a former national under-18 ironman champion, saw him surge to the lead and win the State crown by more than 80 metres.

Grange's Matthews was left to battle out the minor placings with clubmates Nick Bigioli and pool swimmer Sam Pentland.

Pentland, 16, came of age to finish with the silver medal, leaving a disappointed Matthews with bronze.

"I wasn't worried when I came out of the board leg down field - I'd planned it that way," Martin said. "I aimed to keep in Jason's (Matthews) shadow and then I'd make my move in the ski."

After suffering a season of setbacks through injury and illness, Martin was elated with his performance.

SURF LIFESAVING

MICHELLE STAMPER

"With just 11 weeks of training under my belt, I'm really happy with the way I've performed," he said.

"I've had probably had my best ever seasons on the Nutri-Grain national surf league tour this season, especially with the amount of work I've done."

"Now I'm just aiming for a place at the national titles in Kurrawa next month, but it is the hardest competition you can imagine."

"You have to treat every heat as a final, it's that tough." Fellow South Port lifesaver Di Wallace-Ward set a blistering pace in all her events, showing her strength in the water to dominate her opposition.

The 32-year-old supermum was never challenged in the ironwoman event, storming home to win her third straight crown ahead of Kathy Simpson and Olympic kayaker Lynda Lehmann.

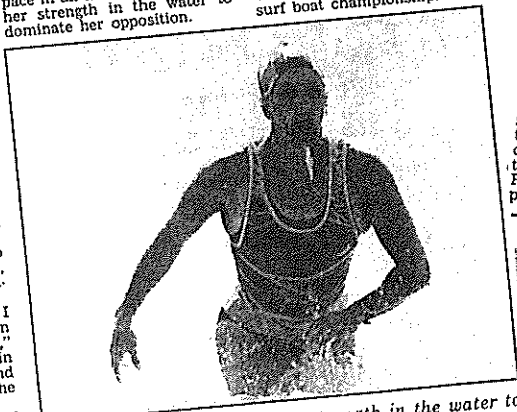

Wallace-Ward added more gold to her treasure chest in winning the rescue tube race, board event and surf swim.

Lehmann was another to collect a swag of medals winning the single ski, double ski with Cheryl Gursanky, mixed ski with Rob Nelson.

Brighton's Melinda McAlinsh won her sixth State gold beach sprint medal, with her dashing win over Ruth Taylor and Margaret Tippins. McAlinsh completed the double by winning the beach flags title over team-mate Nicole Rusinski.

Sean Walker won his second straight beach sprint title over junior Mark Strachan and Luke Hildyard.

Christies Beach ended Grange's seven year reign in the surf boat championship.

Di Wallace-Ward showed her strength in the water to dominate the ironwoman event. Picture: PIP BLACKWOOD.

Simon says 'I'm back' with top Ironman return

By MICHELLE STAMPER

Simon Martin bounced back from injury to win the third round of the State Bank Ironman competition at Brighton Beach yesterday.

The beanpole South Port surf lifesaver, competing in his first local event for the season, fought from behind to win the local carnival title and now must win the remaining three rounds to be certain of victory in the series.

The former Australian under-18 ironman champion - who has battled glandular fever and a broken wrist this season - could not match the board speed of series leader and fellow national surf league team-mate Jason Matthews in the first leg of the gruelling race.

Matthews established a commanding pace to power into the second leg, the ski paddle, ahead. But Martin's strong swim leg put him in the lead giving him a 25 metre victory with Grange's Matthews second home and Nick Bigioli third.

Martin was forced to settle for second place behind South Port team-mate and State swimming champion Mark Sheppard in the open surf race, with veteran Paul Openshaw placing an impressive third behind the

"youngsters" after winning the Over-36 race.

Matthews once again was bridesmaid when Grange clubmate Gavin Hill beat him home in the board event.

Di Wallace-Ward made the most of the draw to win the State Bank Ironwoman race.

The Supermum blitzed through the board leg of the course, her strongest event; to enter the water ahead of Kathy Simpson and Tanya Presgrave.

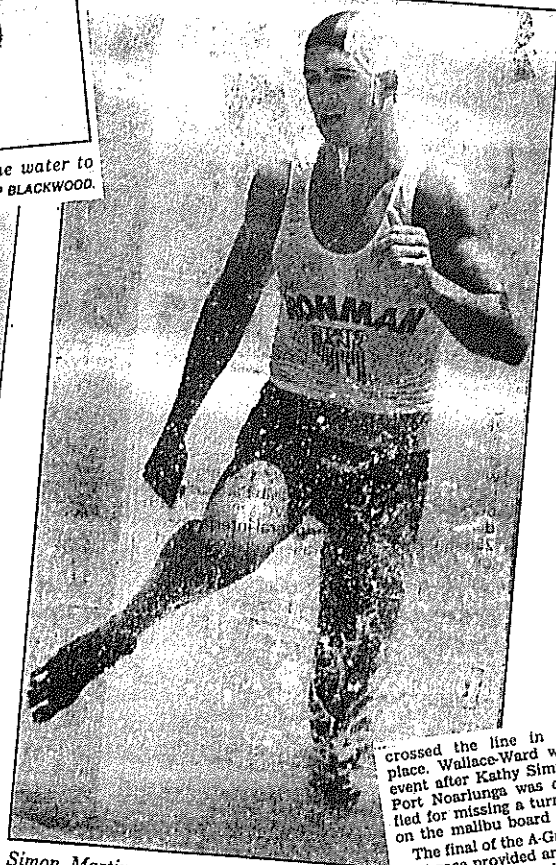

A costly fall off her board saw Simpson lose her chance to challenge Wallace-Ward for the lead and forced the Port Noarlunga lifesaver to battle out the minor places instead with triathlete champion Presgrave.

Olympic kayak paddler Lynda Lehmann dominated in the water, winning the women's ski event from fellow kayaker Joanne Patterson.

Lehmann earlier won the rescue tube race from Simpson.

Grange held off a last minute challenge from Christies Beach to win the Telecom surf boat race, turning the tables on the last carnival result.

Grange dominated on the sand, claiming all three placings in the beach sprint, David Brenen victorious ahead of John Harvey and Richard Sheffield.

Simon Martin powers through the shorebreak his first victory this season.

crossed the line in second place. Wallace-Ward won the event after Kathy Simpson of Port Noarlunga was disqualified for missing a turning can on the malibu board leg.

The final of the A-Grade surf boat race provided an exciting finish with a close battle between the Grange and Christies Beach crews.

Christies eventually won the race by the narrowest of margins to avenge their disqualification two weeks ago after winning the first race of the series at Southport.

In the other major event of the day, the taplin relay, host club Seaciff won ahead of Henley and Glenelg.

Seaciff also won overall honors for the day, with 321 points, from Southport on 173 and Christies Beach on 148.

FLY HIGH ... Jamie Beavis keeps the power going as team-mate Simon Martin drives the SA team forward. Picture: MARK BRAKE.

FIRST AID REPORT

By Chris Burton

We had a very full year with a record number of first aid cases — 105 to be exact, over double last year's figures.

Throughout the season there were a number of lectures held i.e. Hepatitis, AIDS, Asthma, body checks etc. Although attendances could have been a bit better, I was pleased in interest shown. Members who attended felt they were worthwhile. I would like to see more patrolling members, especially first aiders on patrols, attend these in the future as there is always something to learn.

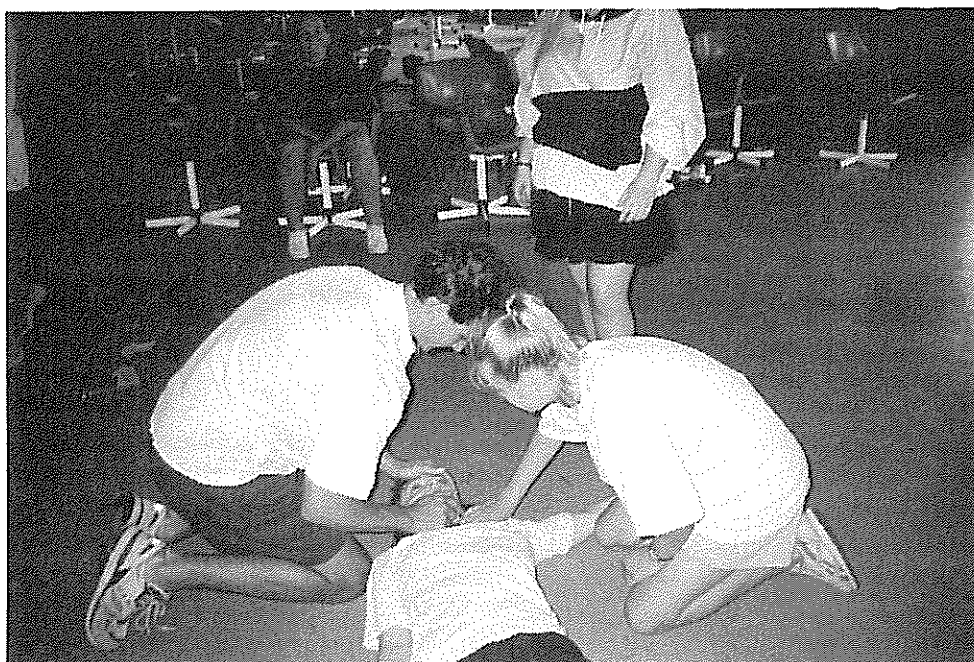

It was generally pleasing to see how the first aid room was left after each patrol. Always room for improvement though.

Donations/sponsorship was received and sincerely appreciated from the following organisations/persons. Noarlunga East Rotary, Liz Hunter, Kingsley Coulthard and Fred Molenaar.

In conclusion the pleasing results are due to many factors. Foremost is the dedication, energy and enthusiasm of all patrols. I would like to thank Chief Instructor, John Nearmy, Club Captain, Dave Watt, Vice Captain, Travis Nearmy, Andy Higgs and all committee members for their help and support throughout the season. It has been a great pleasure to have been associated with these people.

I also thank my husband, Ian and children for putting up with my frequent absences on Saturday morning — usually because of working in First Aid room, re-stacking, tidying up etc.

Thank you once again South Port for a delightful and enjoyable season.

Resus training

SHIVERING SHAGS REPORT

It's 10 a.m. on a brisk, cold winter's Sunday.

A great elephantine mass of flab and flesh herds from the South Port club-rooms and stampedes down towards the shore then along the water's edge heading south for the river's mouth. A secret burial game is played out on the pearly sands then onwards, surge the burly gents into the polar brine in the true essence of this well rehearsed ritual.

We are the legendary Shivering Shags.

The brothers and sisters of this group are dedicated club members who believe in life, health, happiness and the prosperity of their club. Much to the detriment their own health.

Though small in number, large in commitment, their efforts in revenue raising have resulted in a viable winter turnover for this club, a subsidised weekend away at the Mannum Motel for Shag members (keep the bond) and most notably the \$730 Rescue Board donated to our needy club.

The next season for the Shivering Shags will be its 10th and with the same effort and generosity shown by its members and families as previous it will be an eventful success. See you there, second Sunday in June, 10 a.m. sharp.

Shags on tour

Shags attempting to present rescue Mal.

CANTEEN REPORT

By Josie Chilman and Kathy Rudd

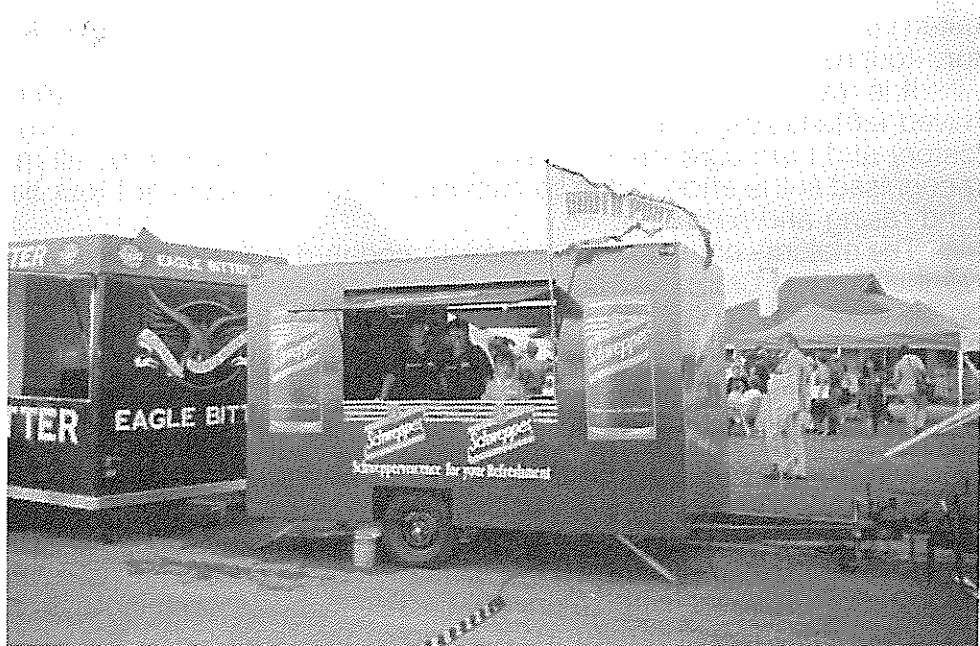

This season saw over \$14,000 pass through the canteen till. Approximately \$4000 profit was achieved which flowed into general club funds.

With the canteen being such a major fund-raiser for the club it certainly deserves to be supported by all members. We are all volunteers and many hands make light work.

Special mention must be made of Liz Hunter and Vi who were always there to give a hand. Especially when Kathy broke her arm. Without their help it would have been impossible to run the canteen.

Also thanks to all who gave a few hours here and there.

Hoping the club will continue to prosper in all seasons to come.

Kath and Vi at Australia Day show

Santa lobs at South Port

TOURING TEAM REPORT

By Richard "Olly" Olesinski

South Port SLSC sent one of South Australia's strongest and biggest touring teams to the Australian titles held at Kurrawa Beach, Queensland from April 1-4, 1993.

Seventy-one members and supporters proudly wore the South Port touring team gear, sponsored by Schweppes, Makita, Excel Rent-A-Car and John Devitt Screenprinters. The group was made up of 38 competitors and 33 supporters.

For the first time the club was represented in the Masters competition which was a lead-up to the Australian titles. The boat crew, Di Wallace-Ward, Brian Johns and Ray Martin represented the club in various events during the competition. This aspect is thoroughly recommended for future club representation.

Also for the first time, the club arranged a touring team management team made up of manager, Richard Olesinski, competition officer, David Donnelley and club captain, David Watt. To ensure under-age female members interests were taken care of, Vonnie Olesinsky was elected as female chaperone — a must for future touring teams from South Port.

It is my absolute pleasure to report that all members of the touring team behaved fantastically. South Port S.A. was represented in events never before in its history and I am sure the club recognises the efforts put in by all members. Also recognised is the effort put in by club members who could not tour but assisted by fund raising and patrolling, &c.

The majority of the team was accommodated at the Acapulco apartments (opp. Northcliffe Surf Club), Kev and June Watt's residence and a couple of other spots on the Gold Coast. Mention must be made (and also recognised on Sunday evening) of the hospitality of Northcliffe to all our members during our stay on the Gold Coast.

Competitively the club performed admirably. The march past team gained our only medal this season and we all congratulate Bob Mayo and his team for gaining again another bronze medal.

Sarah Martin made both U16 swim and board female finals gaining fifth in the board race.

Di Wallace-Ward gained fifth place in the open ladies board race.

Simon Martin made the open iron man final — a fantastic achievement against the cream of Australia's iron men. Simon also came seventh in Australia in the open surf swim (after coming third for the end of the race).

Mark Sheppard also competed admirably gaining eighth in Australia in the open surf race. This is certainly a record for South Port in our competitive history, seventh and eighth in open surf.

The open boat crews efforts must also be praised — the best effort by a club crew since 1969 — making it to the third round. With a new or good secondhand boat, the crew will certainly progress further in the future.

Finally all members who pulled on the South Port cap for the weekend including Caltex cadet crew, belt teams and everyone else — well done, you were all great ambassadors for South Port.

Recommendations:—

- (A) Greater efforts put in for fundraising to ensure general club funds do not subsidise members as much as in the past.
- (B) More interstate competition for under 16/18 members — Victoria, freshwater, &c.
- (C) Greater experience in surf — Waitpinga, Yorkes, for all surf competitors.
- (D) Endeavour to accommodate all members as close as possible to titles venue, i.e. book 1-2 years ahead for minimum of 60 members.

Sincere thanks to Bob Mayo and David Donnelley for assistance in team logistics and arrangements for the team.

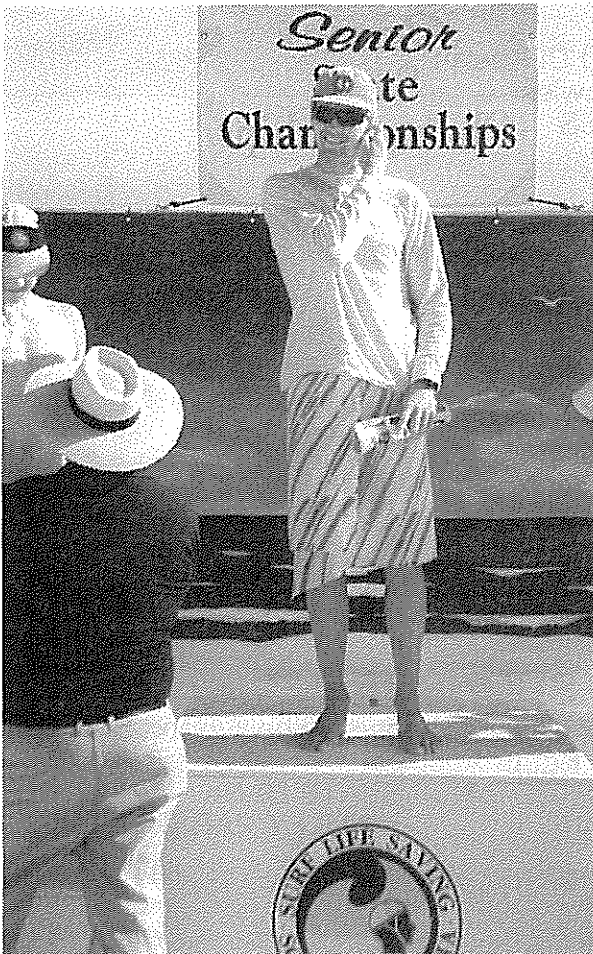

Finally, thank you for the opportunity of representing the club as touring team manager.

AUSTRALIAN TITLES

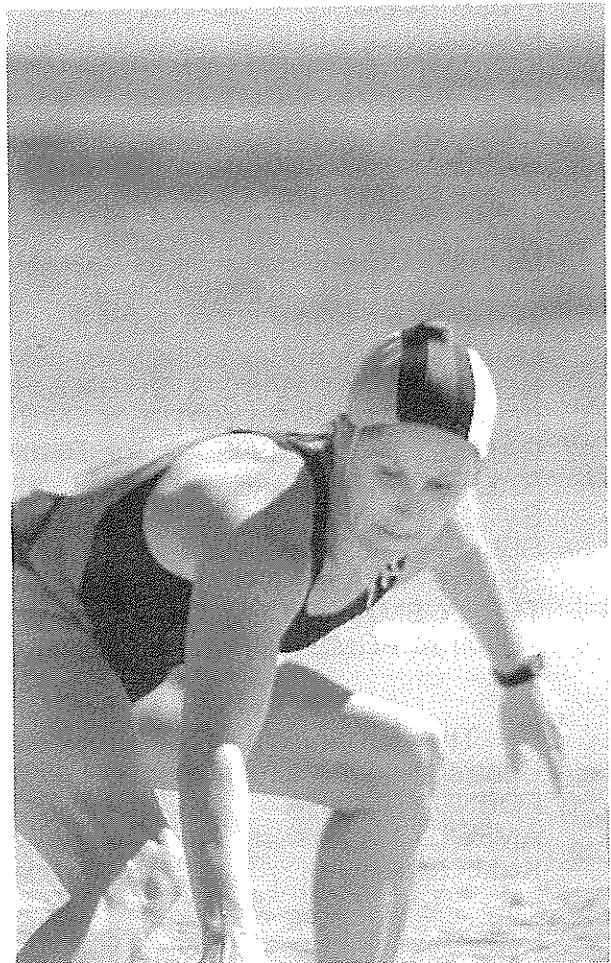

RESTRICTED ENTRIES

The following members and club team efforts were recognised by Surf Life Saving — S.A. in being selected to represent South Port and South Australia in the following restricted entries for the Australian titles.

Open Iron Man	— Simon Martin
Iron Lady	— Di Wallace-Ward
U16 Iron Man	— Jeff Heggarty Michael Heggarty
Taplin Relay	

Simon Martin — State Senior Iron Man Champion

Gear Stewards Report

So goes another season. I was very pleased with the way almost everyone has looked after the gear this season. Not much needed to be done apart from minor repairs.

The club bought the new tractor as the "Big Beast" gave up. Remember — look after this kind of equipment: South Port needs wheels.

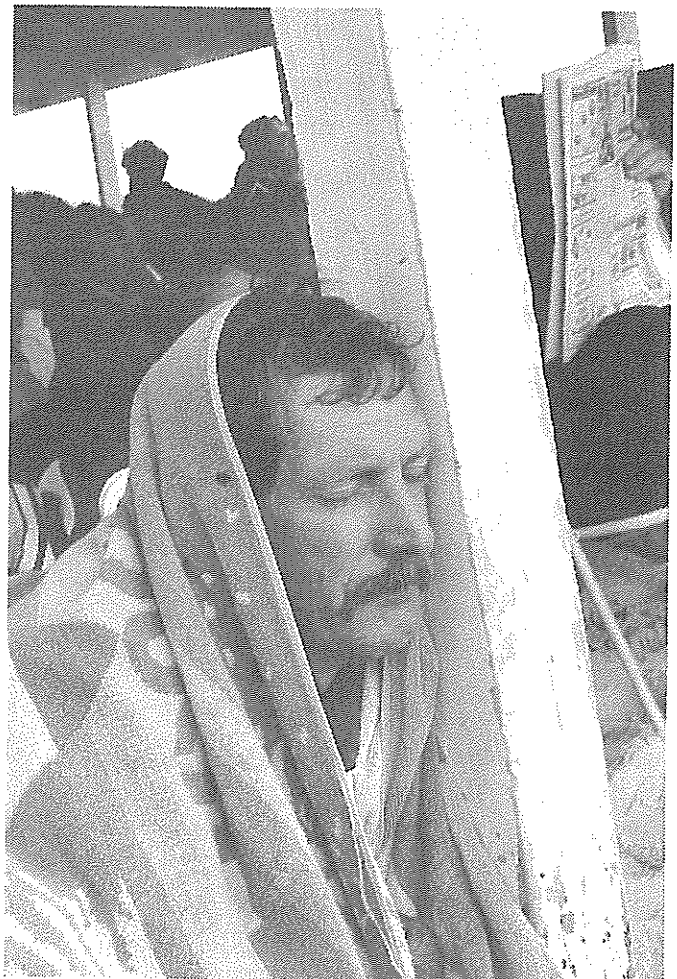

The gear shed is taking shape. It will have more room once Dollar's old boat goes — "sorry, Dollar."

A special mention to "Steelo", Brian Steel for his donation of steel and his help at carnivals, with his tractor, Devo too — without them we would be in big trouble.

Also to Kev Watt for all the work he did before moving back to Queensland — painting the inside of the club, helping me with the gear shed and all the things that make it a little easier down here.

All the best till next season.
